50 years ago scientists thought that within a few decades the bigger telescopes would yield all the answers. Today they have more questions than ever! Discover some of the possible answers!

These classes will help you understand that a true Biblical World View is scientific. Your teacher, Kurt Schafli, has gathered historical information and scientific evidence in all fields of the natural sciences and compared them to God's Word. He has shared his findings worldwide and keeps as up-to-date as possible. Your input is welcome.

***Let the facts speak for themselves!***  
*(We question our own assumptions and interpretations!)*

**Your group can book from 1 – 16 h**
