

For those interested in developing their skills in personal evangelism, this seminar can be a life-changing experience. Since 1986, when we first began, hundreds of lay people, professional ministry workers, mission appointees, college and seminary students have learned to use the open-air principles. They have seen their faith stretched, confidence in the Holy Spirit's power renewed, and specific skills in reaching the lost developed."

WHAT FORMER SEMINAR PARTICIPANTS SAY:

"This seminar is very good to encourage the believer to be a missionary in their own world, to preach the gospel wherever they go."
B.K.

"God has taken me out of my comfort zone and He has shown me how being obedient and overcoming my flesh are worth it."
Beth

"The 'hands on' preaching is what made the seminar great. This experience can't be duplicated."
Josh

OAC is endeavoring to go OUT to this great and needy group of unreached men and women, boys and girls. Folks are reached in parks, fairs, factories, housing projects, at the waterfront, schools, colleges and universities. Downtown open-air meetings are held regularly in business and financial districts. Converts are referred to sound local churches. Today, OAC staff minister in eight states here in the US and in over twenty foreign countries.
